Established in 2010, the Haydenfilms Institute (HFI) is a 501(c)(3) nonprofit organization committed to the advancement of independent filmmakers of all ages. HFI has offices in Los Angeles and Lehigh Valley, Pa. The institution provides educational opportunities that include labs, workshops, internships and networking events. Haydenfilms LLC, established in 2001, is an arm of the institute that allows filmmakers to showcase their work through its Online Film Festival. Both HFI and Haydenfilms were established by President and Founder Hayden Craddolph, who envisioned a way for filmmakers worldwide to connect. Haydenfilms offers crew production and resource databases and the chance for members to view each other's films. Using this multi-tiered approach, it is the mission of HFI to empower, educate and fund global independent and student filmmakers.
